MEMORANDUM FOR THE RECORD

SUBJECT: Aircraft Cargo Doors (C-54), Installation Facilities

1. On 19 November the undersigned was informed by [redacted] (PP/AIRD), retel, that the USAF at Bolling Field and Andrews Field would not consider allotting hanger space for the installation of the inward opening cargo doors. In addition, the USAF is very reluctant to allow civilian contractors to use Air Force facilities for installation purposes. The USAF feels that by allowing such an action a precedent would be established which would be expected to continue.

2. In view of the Air Force policy, it will be necessary to procure hanger space at Friendship Airport in Maryland. The undersigned informed [redacted] (retel) to take the necessary action for renting the required hanger space for one week. The cost of rental for one week with no special guards has been established as \$2500.00. Funding for the installation was allowed for in the Task Order and proposal.
